The Edwards Twins are major, major talents. The range and artistry of their impressions is simply astonishing. They bring such love and attention to recreating celebrities that in many ways they are better than watching the real thing. Flawless vocals and visuals, boundless exuberance and tons of heart make their act one of the most unique and genuinely accomplished acts in the country. These guys are dynamite entertainers! To witness one artist create such magic is amazing enough, but to see two of them do it is quite simply a miracle. You will never see any other celebrity impersonators pack this much punch into a show. The Edwards Twins are brilliant.

Sincerely,
